Japan Expressway Pass

Unlimited mileage on Japan’s expressways in your car-rental!

**Prices**
- 7-day pass: 20,000 yen
- 14-day pass: 34,000 yen

**Offer available to**
- Holders of passports from nations other than Japan
- Japanese permanent residents of nations other than Japan
- A driver’s license valid for driving in Japan

**Important Information**
1. Ask your car-rental dealer or NEXCO for additional information.
   - East Nippon Expressway Co., Ltd. Customer Service Center: 0570-024-024 (toll call) or 03-5338-7524 (toll call)
   - Central Nippon Expressway Co., Ltd. Customer Service Center: 0120-922-229 (toll free) or 052-223-0333 (toll call)
   - West Nippon Expressway Co., Ltd. Customer Service Center: 0120-924-863 (toll free) or 06-6876-9031 (toll call)
2. The JEP pass cannot be used in the following cases:
   - Periods outside the contracted time period.
   - Please read the user agreement, ETC system manual, and other information, and agree with the terms and conditions given.
   - Tollbooth displays will show the regular tolls, but you will not be charged as long as the JEP coverage conditions are met.
   - No refund can be made even if the total amount of tolls paid with the JEP pass is less than the JEP purchase price.
   - During the winter season always check roadway conditions before use, and rent a car with studless tires as appropriate.

**FAQ**
1. Can I use the JEP pass for 21 days?
   - You will have to buy a 14-day pass and a second pass for 14 or 7 days.
2. I bought a 7-day pass expecting to use it for less than a week, but my plans have changed. Can I extend the pass?
   - Yes. Contact your car-rental dealer, and if the rental car itself can be extended for 2 more days to reach the total of 7 days, the JEP can also be extended for 2 more days.
3. What do you mean by regular-sized passenger car (“ordinary vehicle”)?
   - In Japan, this means a vehicle seating no more than 10 people, with engine displacement of no more than 660cc.

**Application**

**STEP 1**
Check with your local car-rental dealer for details, using the website below.
You may not be able to return your rented car at the dealer of your choice when using the Japan Expressway Pass (JEP) system.
Be sure to double-check before renting!
There are no problems when you return it to the same place you rented it, though.

**STEP 2**
Reserve the car and expressway electronic toll collection (ETC) card for use with your JEP pass.
The JEP pass can only be used with regular-sized passenger cars (“ordinary vehicle”).
Ask the dealer for information on what types of cars are available.

**STEP 3**
Complete the JEP application on the day you rent the car. The dealer will explain the system and agreement.
The rental and JEP fees are payable in advance.

**STEP 4**
Pick up your car-rental, and the ETC card needed to use JEP pricing.

**STEP 5**
And you’re off!

**STEP 6**
Return the car-rental and ETC card, and pay any additional toll fees assessed that were not covered by the JEP system.

Refer to the appropriate NEXCO website for more information
